

045. If You Think You Know How To Love Me Smokie

Vers

Breathless drive on a downtown street, Motorbike ride in the midday heat
Dust that hung from the desert skies
Run though we'd run, it still burned our eyes
Oh yes, we may walk on the wild, wild side of life
And our movements traced by a stranger closed by your side
In the shadows of a promise you can take my hand
and show me a way to understand

Refr

So if you think you know how to love me
And you think you know what I need
And if you really, really want me to stay you've got to lead the way
Yes if you think you know how to love me
And you think you can stand by me
And if you really, really want me to stay you've got to lead the way

Vers

Reckless night in a nameless town
Then we moved out of sight with a silent sound
A beach that wept with deserted waves
That's where we slept knowing we'd be safe
Now you may think you can walk on the wild, wild side with me
But there's a lot I can learn and a lot that I've yet to see
I know you've got my life lying in your hands
It's up to you to make me understand
